## INDEPENDENT AUDITOR'S REPORT

To the Most Reverend James A. Tamayo  
Bishop of Laredo  
Diocese of Laredo Chancery Office

We have audited the accompanying financial statements of the Diocese of Laredo Chancery Office (a nonprofit organization) which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Diocese of Laredo Chancery Office as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 14 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Diocese of Laredo Chancery Office  
Notes to Financial Statements  
June 30, 2015 and 2014

**NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Activities**

On August 9, 2000, the Roman Catholic Diocese of Laredo was created. At that time, all assets of the Diocese of Corpus Christi known as the Western Vicariate was transferred to the new Diocese. The Roman Catholic Diocese of San Antonio also transferred part of its assets to the Roman Catholic Diocese of Laredo as of August 9, 2000.

The Diocese of Laredo Chancery Office (the “Chancery Office”) is the administrative entity of the Roman Catholic Diocese of Laredo (the “Diocese”). The Chancery Office provides planning and direction in the administration of pastoral, education, and support services to its parishes and Diocesan institutions. The Chancery Office also provides various supporting services to its parishes and affiliated organizations of the Diocese. In some instances, a nominal fee is charged which helps defray the cost of providing such services. Assessments to parishes are determined annually based on certain financial indicators provided by the parishes.

The assets, liabilities, net assets, and financial activities of the various religious orders, lay social societies, and religious organizations which operate within the Diocese, but which are not fiscally responsible to the Bishop, including parishes and schools, have not been included in the accompanying financial statements.

**Financial Statement Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and accordingly reflect all significant receivables, payables, and other liabilities.

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for Profit Organizations*. Under SFAS No. 117, the Chancery Office is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Accordingly, the net assets of the Chancery Office and changes therein are classified and reported as follows:

*Unrestricted Net Assets* – Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by actions of the Chancery Office. Total unrestricted net assets were comprised as follows:

	<u>06/30/2015</u>	<u>06/30/2014</u>
Unrestricted		
Undesignated	\$ 5,309,012	\$ 5,393,078
Designated-Property and Equipment	1,902,326	1,787,577
Designated-Charity Fund	59,152	71,989
Designated-Restricted Support	10,860,125	10,872,586
Total Unrestricted	<u>\$ 18,130,615</u>	<u>\$ 18,125,230</u>

*Temporarily Restricted Net Assets* – Net assets whose use by the Chancery Office is subject to donor-imposed stipulations that can be fulfilled by actions of the Chancery Office pursuant to those stipulations or that expire by the passage of time.

*Permanently Restricted Net Assets* – Net assets subject to donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by the Chancery Office. Generally, the donor of these assets permits the Chancery Office to use all or part of the income earned on related investments for general or specific purposes.

Diocese of Laredo Chancery Office  
Notes to Financial Statements  
June 30, 2015 and 2014

**NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Financial Statement Presentation (continued)**

The accompanying financial statements include all accounts maintained by and directly under the administration of the Chancery Office and do not include the accounts of organizations of the Diocese such as parishes, schools, cemeteries, seminaries, nor any other institution owned and operated by religious orders of men or women, except insofar as financial transactions have taken place between such organizations and the Chancery Office. These organizations may or may not be separate corporations under civil law; however, each is an operating entity distinct from the Chancery Office, maintains separate accounts, carries on its own services and programs, and is expected to report annually to its respective constituency.

Support and revenue are reported as an increase in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Accordingly, the Chancery Office reports gifts of cash and other assets as temporarily restricted support if they are received with donor restrictions that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support

**Operations**

The Chancery Office has prepared the statement of activities in all material respects as provided in the AICPA *Audit and Accounting Guide for Not-for-Profit Organizations*.

The Chancery Office accounting balances reported as operations in the statement of financial position include the following:

- Office of the Bishop
- Education and Formation Services
- Seminary Formation and Vocations
- Pastoral Services
- Personnel Services
- General Administration
- Grant Expenses-Other Entities
- Subsidies-Other Entities

**Cash and Cash Equivalents**

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Cash and cash equivalents bank balances of \$2,643,989 from a total of \$3,143,989 were uninsured as of June 30, 2015. Cash and cash equivalents bank balances of \$2,721,175 from a total of \$3,356,339 were uninsured as of June 30, 2014.

Diocese of Laredo Chancery Office  
Notes to Financial Statements  
June 30, 2015 and 2014

**NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Contributions**

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Unconditional promises to give are recorded as receivables when the commitment is received, and allowances are provided for amounts estimated to be uncollectible. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Conditional promises to give are not included as support until the conditions are substantially met.

**Land, Buildings, and Equipment**

Acquisition of property and equipment in excess of \$5,000 is capitalized. Land, buildings, and equipment are recorded at cost or at fair market value at date of gift. Depreciation of buildings and equipment is provided over the estimated useful lives of the respective assets (3 to 30 years) on a straight-line basis. Depreciation expense for the years ended June 30, 2015 and 2014 was \$95,564 and \$100,643, respectively.

**Functional Allocation of Expenses**

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Contributed Services**

Contributed services are reflected in the financial statements at the fair value of the services received. The contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills and are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

A number of volunteers have donated their time to the Chancery Office's programs, fund-raising, and management. No amounts have been recorded in the financial statements for such donated services.

**Commitments and Contingencies**

Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties, and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

**Income Taxes**

The Chancery Office is exempt from federal income tax under provisions of Section 501(c)(3) of the Internal Revenue Code. However, the Chancery Office is subject to tax under Section 511(a) to the extent it has unrelated business taxable income. The Chancery Office had no material unrelated business taxable income during the fiscal years 2015 and 2014.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Diocese of Laredo Chancery Office  
Notes to Financial Statements  
June 30, 2015 and 2014

**NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investments**

The Chancery has adopted SFAS No. 124, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. Under SFAS No. 124, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair value in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gain are recognized.
